ABOUT US

LUUME was born out of a love for great art, from a creative vision, kindling a burning desire to create magnificent pieces of exemplary furniture which will grace the homes and spaces of pure connoisseurs.

The artisans, master technicians who have hand crafted LUUME tables are the same visionaries who have given life to some of the most iconic architecture, brands, and products globally.

The founder Jaiden Dian, whose own family pedigree can be traced back to high end fashion is on a poetic mission to make LUUME the future of luxury Smart Fires.

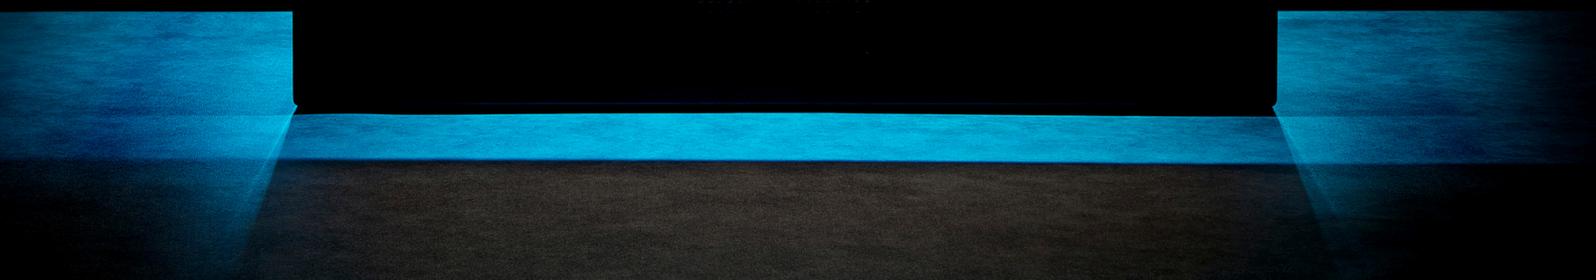

LUUME marks the renaissance of Fire.

OUR MISSION

Our mission is to elevate lifestyles & experiences. Creating extraordinary moments through our unique luxury fire tables.

BRAND PILLARS

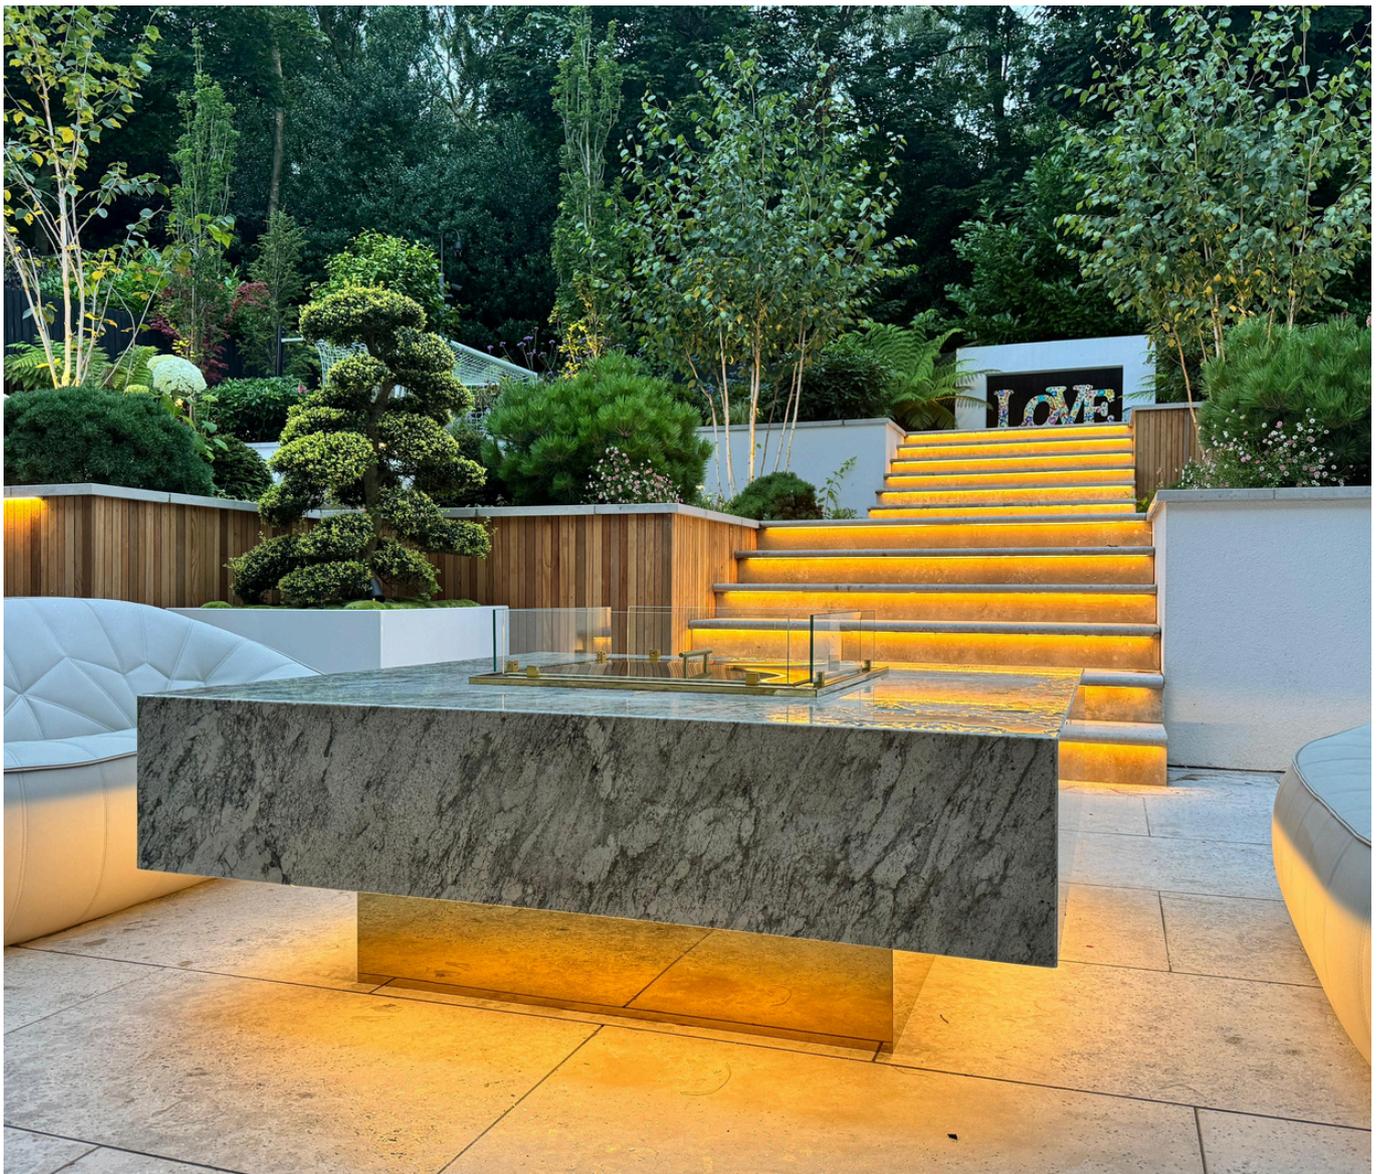

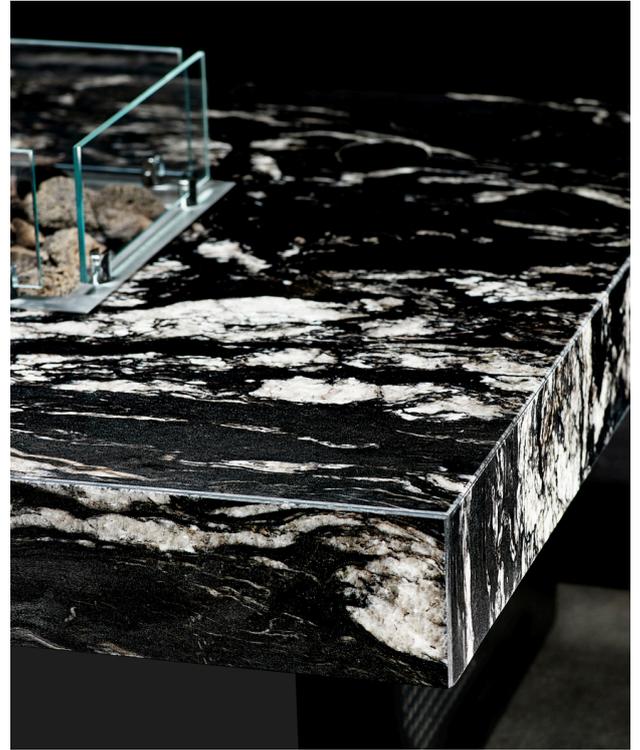

- Bespoke Design & Craftsmanship
- Unparalleled Performance
- Sustainable Innovation
- SMART Technology
- Memorable Experiences

CRAFTSMANSHIP

Every LUUME is hand crafted with love, passion, care and an obsessive attention to detail.

For over 25 years, our master craftsmen have worked for some of the most powerful brands & companies. The culmination of decades of mastery in arts, crafts and a labour of love is reflective in every corner, facet & feature of a LUUME table. Immersing in the design process, the options for creating your own LUUME fireplace are almost endless. We offer you innumerable solutions of product finishings: an exceptionally wide choice of stoneworks, metalworks, coatings & glassworks.

DESIGNED BY LUUME.
AND BY YOU.

Create your own alluring combination.
It takes the juxtaposition of many contrasting
elements to create the modern alchemy of a
LUUME Fire Table.

Discover the combination that expresses your
unique style.

FORM MEETS FLAME

A LUUME fire table is a sculptural centerpiece where engineering meets timeless design. Every curve, material, and component is carefully chosen to balance elegant form with effortless function.

From the refined geometry of the table body to the seamless integration of heat, light, and sound, LUUME transforms outdoor living into an immersive experience. Hidden mechanisms, wireless technology, and premium finishes ensure the beauty you see is matched by the performance you feel.

Fire reimagined - not just to warm a space, but to elevate it.
